Objective

This is the third time the LCCN has organized a molecular modeling seminar, with the aim of bringing together doctoral students, research professors, and researchers to discuss advances in molecular modeling methods and techniques, structures, and molecular interactions in various chemical, physical, and biological systems.

PhD students and research professors are strongly encouraged to participate in informal discussions through oral presentations or posters.

Languages of Presentation:

Instructions for Authors

Participants are invited to submit their abstracts for oral or poster presentations.

Abstracts should be submitted by email. They should be written on an A4 page with 2.5 cm margins on each side, in Times New Roman, size 12 font.

Titles should be in bold, capital letters. Author names should be in Times New Roman, size 12 font, with the corresponding author's name underlined. Author addresses should be in italics (Times New Roman, size 12).

The texts should be right- and left-justified with single-line spacing.
